

2014  
DODGE JOURNEY

**/// AMERICA'S FASTEST-GROWING CROSSOVER WITH AVAILABLE SEATING FOR SEVEN<sup>(1)\*</sup>**

It's not just about the miles you travel, but the life in those miles. Every turn of the odometer captures the time spent getting to the places and people that matter most. And with available seven-passenger seating, there's room for everyone. From the daily commute to back-road adventures, Journey tackles your travels with an interior that's a master of storage, offers an amazing degree of versatility and welcomes you with technology and comfort. The power to explore comes from available all-wheel drive (AWD) and engine options that are as efficient as they are capable. This is the ultimate combination of form and function. This is Dodge Journey.

\* A note about this brochure: all disclaimers and disclosures can be found on page 17.

There's a double-minded swagger to Journey's stride. Its instantly recognizable split-crosshair honeycomb grille and jeweled wraparound headlamps meld into a highly sculpted front fascia, making it feel right at home on city streets. Its muscular, athletic presence, five doors and available fog lamps and LED taillamps make it ready for adventures that require more than an overnight bag. R/T models earn their badging with 19-inch Satin Carbon aluminum wheels, monochromatic exterior appearance, dual exhaust with bright tips, Sport suspension and steering, 283 horses and available on-demand all-wheel drive (AWD).

LEFT: JOURNEY R/T SHOWN IN PITCH BLACK.  
RIGHT: JOURNEY SXT SHOWN IN BRIGHT SILVER METALLIC.

JOURNEY CREW'S STANDARD PREMIUM LEATHER-TRIMMED INTERIOR SHOWN IN PEARL CAPRI WITH ORANGE ACCENT STITCHING.

**IT'S GOT GAME AND IT'S GAME FOR ANYTHING.** The things you do and the places you go today won't be the same tomorrow. To accommodate, Journey's interior easily transforms from people-mover to cargo-hauler. With flexible five- or seven-passenger seating, second-row reclining 60/40 split-folding seatbacks and inventive storage everywhere, Journey is at the ready. Because getting there should be half the fun, this interior indulges with stadium seating, Dual-Zone Temperature Control and soft-touch surfaces. Seats feature either premium cloth or available leather trim with striking accent stitching. Upscale Satin Silver accents lend a premium touch. Third-row access is easy, thanks to 90-degree rear-door openings and available Tilt 'n Slide™ second-row seats. **PARTY IN THE BACK.** Traveling without entertainment isn't an option. The center floor console features 12-volt power outlets, remote USB port, auxiliary audio input and out-of-view storage. The available 115-volt/150-watt two-prong outlet powers portable game devices or audio hookups. Second- and third-row passengers will enjoy the available Rear DVD Entertainment System that features a nine-inch screen, premium speakers, two sets of wireless headphones and a remote control.

**HIGH TECH MEETS HIGH EXPECTATIONS.** Even with all the comforts Journey offers its passengers, it has never forgotten its priority ... indulging the driver. This cockpit was designed to be accessible, comfortable and desired. The experience starts with Keyless Enter 'n Go™. As long as the key fob is with you, the doors unlock with a simple touch of the door handle. The engine awakens with a press of the brake pedal and a push of the dash-mounted start button. Opt for the 10-way power driver's seat with four-way power lumbar adjust, heated front seats and full-circumference heated steering wheel for a greater sense of luxury.

**ENGINEERED WITH TECHNOLOGY.** Uconnect® brings a range of communication and entertainment services straight to your Journey. Intuitive and customizable, available Uconnect systems include a touch-screen display up to a largest-in-class<sup>[1]</sup> 8.4 inches and steering wheel-mounted controls that operate features like a Bluetooth® enabled phone, Voice Command<sup>[2]</sup> navigation, radio, cruise control and more. Floor it over to [dodge.com/journey](http://dodge.com/journey) for more details.

# MOST VERSATILE CROSSOVER IN ITS CLASS<sup>[1]</sup>

Journey's interior was designed to achieve the optimal ratio of passenger space and cargo room. Fold-flat passenger seating lets you spread out when you — or your gear — need extra room. And because it's the little things that matter most, Journey is the only crossover in its class<sup>[1]</sup> to offer second-row integrated child booster seats.<sup>[3]</sup> It's inventive features like these that keep passengers comfortable and relaxed.

Properly secure all cargo.

/// FOLD-FLAT FRONT SEAT

/// AVAILABLE CLASS-EXCLUSIVE<sup>[1]</sup>  
SECOND-ROW INTEGRATED CHILD BOOSTER SEATS<sup>[3]</sup>

/// REAR STORAGE AREA

/// UP TO 67.6 CU FT OF CARGO VOLUME

## BEST-IN-CLASS STORAGE SYSTEM<sup>[1]</sup>

**CARGO AREA.** A standard hidden storage bin and access door to the tool and jack compartment are located behind the rear seat. When hauling gear is the priority, simply fold down the second- and available third-row seats for up to 67.6 cu ft of cargo capacity. Five-passenger models feature a tri-fold load floor with in-floor storage bin.

**REAR CUP HOLDERS.** Cup holders conveniently located on the rear quarter panel accommodate 20-oz drinks or juice boxes. Two more cup holders can be found in the second-row fold-down armrest.

**STORAGE POCKETS.** Found on all four passenger doors, molded storage pockets give you more places to stash your travel items, as well as 20-oz drink containers and more.

**DUAL IN-FLOOR STORAGE.** The second-row floor provides even more clever storage. Two in-floor storage bins with latching lids can each hold up to a dozen 12-oz cans, plus ice. For added convenience, these bins have removable, washable liners so they're a snap to clean and make the perfect tailgating accessory.

**FLIP 'N STOW.™** Standard on Limited and R/T, and available on SE and SXT models, this fold-flat front-passenger seat flips forward to reveal a bin ideal for concealing a camera or tablet.

**CENTER FLOOR CONSOLE.** This deep, easy-to-access floor console features cup holders, 12-volt outlets, remote USB port, auxiliary audio input, out-of-view storage and available 115-volt/150-watt two-prong power outlet.

/// DUAL IN-FLOOR STORAGE

Properly secure all cargo.

Properly secure all cargo.

**MASTER OF:  
:VERSATILITY**

# BUILT *TO HUSTLE*

**CROSSOVER? SURE, IT WILL CROSS OVER INTO THE PASSING LANE AND BACK EVERY TIME.** There's no need to choose between performance and efficiency. Journey offers true performance in every aspect, including fuel efficiency. While you're making the most out of your travels, Journey's 2.4-liter DOHC 16-valve Dual Variable Valve Timing (VVT) engine is making the most out of every mile. You'll find a responsive 173 horses and 26 mpg\* highway on AVP, SE and SXT. If a bigger performance boost is what you crave, step up to the available award-winning 3.6-liter DOHC Pentastar® VVT V6 engine. This powerplant is mated to a smooth-shifting six-speed automatic that delivers 283 horsepower and an impressive 25 mpg<sup>†</sup> highway. Its exceptional blend of high torque, low emissions and first-rate noise, vibration and harshness (NVH) control helps keep the cabin quiet and the conversation flowing. Whether you're towing a boat or an ATV or hauling camping gear, Journey's measured muscle easily handles 2,500 lb when properly equipped. Standard Trailer Sway Control<sup>(4)</sup> helps maintain control of the load being pulled.

**TAKE THE ROAD LESS TRAVELED.** Journey not only grabs your attention, but grabs the road as well. The confidence to tackle Mother Nature's handiwork comes from available all-wheel-drive (AWD) capability. The system makes it easier to drive on snowy, wet or ice-laden roads. When the system senses wheel slippage, it immediately responds with a transfer of power to the rear wheels for a very noticeable uptick in driving performance.

\*EPA estimated 19 mpg city/26 mpg highway. Actual mileage may vary.  
†EPA estimated 17 mpg city/25 mpg highway. Actual mileage may vary.

**ELECTRONIC STABILITY CONTROL. (ESC)<sup>[4]</sup>**

When road conditions are not at their best, ESC helps the driver maintain vehicle directional stability and limits oversteering or understeering. ESC includes All-Speed Traction Control, Electronic Roll Mitigation (ERM) and Trailer Sway Control.<sup>[4]</sup>

**ANTILOCK BRAKE SYSTEM. (ABS)**

Standard four-wheel antilock disc brakes sense and prevent wheel lockup, offering improved steering control under extreme braking and/or slippery conditions.

**PARKVIEW<sup>®</sup> REAR BACK-UP CAMERA<sup>[5]</sup>**

This available system displays an accurate visual reference of what is behind your vehicle when you are in reverse.

**PARKSENSE<sup>®</sup> REAR PARK ASSIST<sup>[5]</sup>**

When in Reverse, these available sensors detect the presence of objects in the backup pathway and provide an audible and visual warning.

**SENTRY KEY<sup>®</sup>**

This immobilizer system prevents unauthorized vehicle operation by disabling the engine. Operation is automatic, regardless of whether the vehicle is locked or unlocked.

**SEVEN STANDARD AIR BAGS<sup>[6]</sup>**

In the unfortunate event of a collision, Journey's air bags offer protection in all rows of seating. Air bags include: multistage driver and front-passenger air bags, supplemental side-curtain air bags for all rows, a driver's inflatable knee-bolster air bag and supplemental driver- and front-passenger-seat side-mounted air bags.

**ALL-WHEEL DRIVE. (AWD)**

An available system that automatically detects wheel-slip and sends additional power to the wheels with the most traction.

**TIRE PRESSURE MONITORING SYSTEM.**

A warning system in the instrument cluster alerts the driver with "high" or "low" displays for individual tire pressures.

**TRAILER SWAY CONTROL. (TSC)<sup>[4]</sup>**

This system helps maintain control of the load being pulled. Standard.

# 100 YEARS

[1] Based on latest available competitive information and the *Ward's* Middle Cross/Utility vehicle segment. Excludes other vehicles built by Chrysler Group LLC. [2] Requires Uconnect phone. [3] For children 48-85 lb and up to 4'9". [4] No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. [5] Always look before proceeding; electronic drive aid is not a substitute for conscientious driving; always be aware of your surroundings. [6] The Advanced Front Air Bags in this vehicle are certified to the new U.S. federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. [7] Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. [8] SiriusXM services require subscriptions, sold separately after the 12-month trial included with the new vehicle purchase. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call SiriusXM at 1-866-635-2349 to cancel. See SiriusXM Customer Agreement for complete terms at [www.siriusxm.com](http://www.siriusxm.com). All fees and programming subject to change. Our satellite service is available only to those at least 18 and older in the 48 contiguous USA and D.C. Our Sirius satellite service is also available in PR (with coverage limitations). Our Internet radio service is available throughout our satellite service area and in AK and HI. ©2013 Sirius XM Radio Inc.
