

## 2010 Subaru Legacy Specifications

### 2.5i – 2.5i Premium – 2.5i Limited

- 170-hp 4-cylinder SUBARU BOXER® engine
- 6-speed manual transmission or Lineartronic™ CVT with manual mode and paddle shifters<sup>1</sup>
- 17-inch aluminum-alloy wheels<sup>1</sup>

### 2.5GT Premium – 2.5GT Limited

- Turbocharged 265-hp 4-cylinder SUBARU BOXER engine
- 6-speed manual transmission
- 18-inch aluminum-alloy wheels

### 3.6R – 3.6R Premium – 3.6R Limited

- 256-hp 6-cylinder SUBARU BOXER engine
- 5-speed SPORTSHIFT® automatic transmission
- 17-inch aluminum-alloy wheels

### Features

- Subaru Symmetrical All-Wheel Drive (AWD)
- Vehicle Dynamics Control (VDC) electronic stability control
- Double-wishbone rear suspension
- Quick-ratio steering
- Brake Assist
- All-Weather Package<sup>1</sup>
- Bluetooth® hands-free phone and streaming audio capability<sup>1</sup>
- Auxiliary audio USB port<sup>1</sup>

<sup>1</sup> Availability varies depending on model.

<sup>2</sup> The Supplemental Restraint System (SRS) (airbags) affords the driver and the front and rear outboard passengers additional protection in moderate to severe frontal and side-impact collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon bag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in the rear seat.

- 440-watt Harman Kardon® premium audio system<sup>1</sup>
- Touch-screen GPS navigation system with voice-activated control and rear vision camera<sup>1</sup>
- 10-way power driver's seat<sup>1</sup>
- 65/35-split flat-folding rear seats
- Electric parking brake
- Front, front-side and side-curtain airbags (SRS)<sup>2</sup>
- Ring-shaped Reinforcement Frame body structure

confidence

Legacy 2.5i Limited in Graphite Gray Metallic.

The all-new Subaru Legacy mid-size sedan doesn't just look different this year, it feels different. You feel the difference behind the wheel. In the turns. Even your passengers feel it in the extra room in the rear seats. From the smart engineering and dynamic performance to the strength and presence evident in the exterior design, the Legacy gives you a greater sense of confidence, comfort and excitement. Don't just see for yourself. Feel for yourself.

Legacy 2.5i Limited in Steel Silver Metallic.

### Subaru Boxer Engine

Every time you accelerate, you feel the power, the exhilaration and the immediate response of the SUBARU BOXER® engine. The cylinders are horizontally opposed providing a more efficient distribution of smooth power. The shorter profile and lower placement of the engine give the Legacy a lower center of gravity assuring a more stable, yet responsive drive. And the new Subaru Legacy has three distinct engine choices—the fuel-efficient 2.5-liter 4-cylinder, the powerful turbocharged 2.5-liter 4-cylinder and the thrilling 3.6-liter 6-cylinder engine.

# instant gratification

### Lineartronic™ CVT

We are shifting away from convention by replacing a standard automatic transmission with a smoother, more efficient Lineartronic™ CVT (Continuously Variable Transmission)<sup>1</sup>. To maintain the superior balance and enhance the inherent efficiency of our unique SUBARU BOXER® engine and Symmetrical AWD system, we created the lightweight, compact Lineartronic™ CVT. Simply put it in Drive and this gearless transmission can automatically adjust as needed, seamlessly keeping the optimal rev range at all times. Resulting in smooth, uninterrupted power that maximizes both performance and fuel efficiency. You can even switch into the 6-speed manual mode and take direct control using the paddle shifters.

<sup>1</sup> Available on 2.5i models only.

## Subaru Symmetrical All-Wheel Drive

You can't have true performance without every wheel doing its job. With Subaru Symmetrical All-Wheel Drive, your Legacy remains in constant control of almost any road. In almost any condition. The unique configuration offers side-to-side balance for exceptional stability and agility. While the straight-line layout of the drivetrain and SUBARU BOXER® engine allows power to flow more directly and efficiently to all four wheels for enhanced traction.

Better Balance

Quicker Reflexes

All-weather Traction

the road

Legacy 2.5i Premium with Off-Black cloth, optional Harman Kardon® audio system and All-Weather Package.

at home

You always feel welcome and connected when you step inside the spacious interior of the Legacy. Inside, find yourself surrounded with thoughtful technology like the available hands-free Bluetooth® that allows you to make or receive calls wirelessly, and the newly updated available GPS navigation system that conveniently guides you to your next destination using voice commands. Find even more comfort in the details like increased rear legroom, overall roominess, and the available heated front seats that make you want to sit back and stay awhile.

## All-around Protection

Subaru is engineered inside and out for protection with a Ring-shaped Reinforcement Frame that diverts impact energy away from the cabin, and front, front-side and side-curtain airbags<sup>1</sup> to help guard you and your passengers in the event of an accident.

<sup>1</sup> Always wear seatbelts. Children should be properly restrained in the rear seat.

## Increased Awareness

Keep your eyes on the road ahead and your hands on the wheel with the steering wheel-mounted controls. And if you need to see what's behind you, the available rear vision camera gives you better awareness when you're backing up.

Legacy 2.5GT Limited in Steel Silver Metallic.

## Stopping Power

When you need to stop suddenly, your Legacy is ready with the help of Brake Assist and Electronic Brake-force Distribution that distributes braking power front to rear.

## Greater Control

Standard on the all-new Legacy is our Symmetrical All-Wheel Drive and Vehicle Dynamics Control (VDC) that help to keep your Legacy on the road and in control.

# safe

Nothing transforms your driving experience more than the safety of a Subaru. Which is why we engineered the Legacy with multidimensional safety features designed to safeguard you and your passengers. Our active and passive safety technology helps you to avoid an accident and also helps to protect you if one is unavoidable. All of these precautions have led to the 2009 Legacy earning the coveted five-star crash-test safety rating<sup>1</sup> and a 2009 IIHS Top Safety Pick<sup>2</sup>.

<sup>1</sup> 2010 Legacy not yet tested. 5-star front and side-impact ratings for 2009 Legacy. Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program. Visit [safercar.gov](http://safercar.gov) for more information.

<sup>2</sup> 2010 Legacy not yet tested. Ratings based on Insurance Institute for Highway Safety's (IIHS's) 40-mile-per-hour frontal crash test, 31-mile-per-hour side-impact test, and 20-mile-per-hour rear-impact test for 2009 Legacy. For more information, contact IIHS or visit their website at [www.iihs.org](http://www.iihs.org).

The all-new Legacy arrives Summer 2009.

But don't wait until then. Learn more about the Legacy at [www.subaru.com/2010Legacy](http://www.subaru.com/2010Legacy)

# the difference

It's not just one thing that makes the all-new Legacy different. It's a combination of the little things like more useful technology, and the big things like better traction and control that transform your driving experience. From the confidence you feel knowing your Legacy is engineered to be more safe and balanced to the convenience of having more usable space. The Legacy really is different, for all the right reasons.
