

HEAD OF THE CLASS.

The Chevy Malibu has received over 30 industry awards, including 2008 J.D. Power and Associates "Highest Ranked Midsize Car in Initial Quality"^{SM1} and 2008 North American Car of the Year. And Malibu offers better highway fuel economy than any other midsize sedan,² an EPA estimated 33 MPG (gasoline), 34 MPG (Hybrid).³ It's no wonder Malibu is fast becoming the new car of choice.
