### If you let it, your Touareg will carry that for you.

The Touareg sure is eager to please. Not only will it take you just about anywhere, but it'll carry all your gear, too. Things like bikes, skis, or luggage. Even funky-shaped surfboards and snowboards. Whatever you're into, the Touareg will be right there with you.

### Wheels

## You've got four chances to make a big statement.

What's one of the first things you notice when a Touareg rolls by? Admit it—it's the wheels. Shiny. Spoked. Aggressive. Choose from our alloy wheels to get the ones you want and you can be sure people will take notice.

Comfort & Protection

**Just because you can go practically everywhere doesn't mean dirt should.**

With a Touareg, it's not uncommon to find yourself off the beaten path. So having floor mats that help protect your carpets is a good idea. And since the Touareg is so darn handy for carrying things, having a way to organize your cargo area is a smart thing, too.
