The #1 Police interceptor sedan continues its commitment to lead the industry in innovation by offering E85 capability for the 2008 model year. Crown Victoria Police Interceptor (CVPI) now comes standard with a V8 powerplant that’s designed to run on E85 (a blend of up to 85% ethanol and 15% gasoline), regular gasoline, or a combination of the two. Onboard sensors and computers monitor the fuel mixture to optimize performance. You can optionally equip this FFV with 50-state emissions** technology.

Ethanol is a renewable resource, unlike gasoline. More than 90% of the ethanol produced in the U.S. comes from corn. With one of the highest octane ratings of any transportation fuel, ethanol increases the engine’s activation energy. Due to its detergent properties, ethanol tends to keep fuel lines and injectors cleaner than gasoline. Ethanol can also help reduce fuel-line-freeze-up because of its moisture-absorbing ability. Since ethanol is less flammable than gasoline, it’s safer to store, transport and refuel. Plus, using ethanol as a fuel additive reduces pollution and the need to import oil.

The Crown Victoria Police Interceptor FFV can also add flexibility to your total fleet purchasing requirements: By purchasing the CVPI FFV for your force, you can actually earn EPAct credits, allowing you greater flexibility when choosing vehicles for the remainder of your fleet.

**Standard on Interceptors in CA, CT, MA, ME, NY, PA, RI and VT.
The optional Fire Suppression System is another automotive-industry first that helps reduce the risk of injury in high-speed, high-energy rear impacts by deploying fire-suppressing chemicals — released when the vehicle is coming to a stop, as indicated by data from the ABS wheel-speed sensors. (If the accident damages ABS sensors, a backup timer initiates the FSS 6 seconds after impact.) FSS fluids are stored in an unpressurized liquid state and work on a 2-gas generator setup similar to that used to deploy airbags. With or without FSS, the Interceptor is safe for police work. You won’t find a similar system on Charger or Impala.

Visit www.fleet.ford.com for complete FSS details and to view the demonstration.

Ford Crown Victoria Police Interceptor is the only police pursuit sedan on the market designed to meet 75-mpg rear-end crash tests without a fuel tank puncture. Ford is also the only vehicle manufacturer to publish results for a 75-mpg test — the same can’t be said for Charger or Impala.

The Police Interceptor’s body is secured to a separate, ultra-sturdy frame — composed of hydroformed steel — for increased structural rigidity and durability, outstanding ride quality and impressive road-noise reduction. While the Crown Victoria is built in the body-on-frame manner of most trucks, both the Charger and Impala simply utilize unibody construction with no separate frame.

The Police Interceptor offers another industry first: ballistic door panels installed at the factory. Providing added protection when you’re in the line of fire, these optional panels are lightweight and covert — you can’t see them from the outside, and they don’t interfere with the windows, locks or interior space. They’ve been rigorously tested to shield against most Type III rounds, according to the National Institute of Justice. Panels are also crash-tested to federal standards and weather-tested from -49°F to 104°F. Choose a panel for the driver door only (Option Code 90L) or for both front doors (Option Code 90B). Charger and Impala don’t cover you with factory-installed ballistic door panels.

Important: In the interest of officer safety, specific panel performance specifications have a restricted distribution.

Warning: As with any body armor, protection provided by the ballistic door panel is limited. Certain rounds or combinations of rounds may penetrate the panel and cause serious injury or death.

Contact 1-800-34-FLEET for panel performance specifications.
Visit www.fleet.ford.com for more information.

Contact 1-800-34-FLEET for panel performance specifications.

TO PROTECT AND SERVE YOU
INPUT FROM THE POLICE ADVISORY BOARD PROVES INVALUABLE

MORE IRREFUTABLE EVIDENCE FORD IS #1

POLICE ADVISORY BOARD
An industry first, this board is composed of leading officials who help Ford refine current vehicles and develop future offerings. In addition to acting as a liaison and resource for law-enforcement agencies nationwide, the Police Advisory Board provides frank and direct feedback on the products, programs and policies of Ford. The advisory board’s input on safety, reliability and durability is essential to Ford Fleet’s resolute commitment to serving unique police operational needs.

ONLY STANDARD V8 IN ITS CLASS
Ford Crown Victoria Police Interceptor is the only squad car equipped with a standard V8 engine. Take full advantage of the 250 horsepower and 297 lb-ft. of torque supplied by this proven, responsive 4.6L SOHC V8 engine.

NEW FOR 2008: 5,000-MILE OIL CHANGE
Realize lower operating costs. Recommended oil-change intervals have now been upped to every 5,000 miles.

NEW FOR 2008: REMOTE KEYLESS-ENTRY KEY FOB (14R)
This handy feature is optional for greater ease of entry and to help save valuable time, especially in those cases when every second counts.

ENGINE-IDLE METER
The meter tracks engine idle time while the transmission is in either Park or Neutral. Use the conversion rate of 1 engine idle hour = 33 miles to help schedule routine maintenance more accurately. Impala doesn’t offer a meter.

200-AMP ALTERNATOR
Since police equipment requires additional electrical capacity, this standard heavy-duty alternator cranks out up to 200 amps. Charger 160; Impala 150.

REAR-WHEEL DRIVE
Thanks to the Police Interceptor’s rear-wheel drive, you won’t have to deal with the torque steer issues of a front-wheel-drive vehicle like Impala. Front-wheel drive puts the weight of the engine over the front wheels, which can cause the front end to understeer when cornering.

WIDE TRACK
You’ll appreciate the Police Interceptor’s precision handling, which benefits from the 65.6” rear track width – 2.5” wider than Charger; over 4” greater than Impala.

SPEED-SENSITIVE STEERING
The Police Interceptor automatically adjusts the amount of steering assist it supplies based on engine speed – giving you more responsive steering at all speeds. Charger and Impala don’t offer speed-sensitive steering.

THE POLICE CAR PIONEER
Upon the debut of its legendary “flathead” V8 in 1932, Ford fast became the vehicle of choice for police forces across the country. In 1950, Ford was the first carmaker to package parts created specifically for police duty, and Ford now has the distinction of being the only manufacturer to continuously offer – for a full 57 years running – a police package in its car line.
NEW FOR 2008: TIRE PRESSURE MONITORING SYSTEM (TPMS)
TPMS can warn of underinflation and overinflation that can damage tires or cause a blowout. An active pressure sensor with a radio transmitter is mounted inside the tire on each wheel (except the spare). A receiver in the Crown Victoria Police Interceptor monitors each transmitter, and if tire pressure isn’t within specified limits, a warning light with an audible tone will activate.

PERSONAL SAFETY SYSTEM®
This innovative system — standard on every Police Interceptor — optimizes key safety features, including dual-stage front airbags and outboard-front safety belts, to help protect you and your front passenger. In the event of certain frontal collisions, advanced sensors measure the severity of impact, as well as certain occupant conditions such as the position of the driver seat, and whether or not safety belts are in use. Then, in a matter of milliseconds, the system customizes its reaction to provide optimal protection for the specific situation. It also employs a Front-Passenger Sensing System that can automatically activate or deactivate the airbag based on whether or not it senses a passenger is present and his/her approximate weight.

5 STARS *****
For 12 years running (1996–2007), the Ford Crown Victoria Police Interceptor has earned the National Highway Traffic Safety Administration’s (NHTSA) 5-Star crash test safety rating — the highest vehicle crashworthiness evaluation possible — for both the driver and front passenger in a frontal collision.

DUAL-STAGE FRONT AIRBAGS
The Police Interceptor’s standard dual-stage driver and front-passenger front airbags can deploy in full-power mode or with less pressure, depending on the situation. For instance, in less severe frontal crashes, the airbags may inflate with less force — or not at all — helping to reduce the risk of injury due to airbag overinflation.

5-YEAR/60,000-MILE POWERTRAIN WARRANTY
For more assurance: There’s no deductible, and you’re provided with an additional 2 years or 24,000 miles of coverage on select components — including the engine and transmission — beyond the 3-year/36,000-mile Bumper-to-Bumper Coverage. See your dealer for details.

ANTI-LOCK BRAKE SYSTEM (ABS)
Standard on every Police Interceptor, ABS regulates brake pressure to help prevent wheel lockup and skidding when stopping the vehicle.

OPTIONAL SAFETY & SECURITY MEASURES

ALL-SPEED TRACTION CONTROL (553)
This optional system can help give you a more seamless and controlled driving experience. When it detects a loss of traction, it quickly responds by reducing engine power when necessary and selectively applying brake force to the slipping wheel while transferring power to the opposite wheel to help keep the vehicle on course.

FRONT-SEAT SIDE AIRBAGS (59M)
These optional airbags offer an extra margin of head and chest protection for the driver and front-outboard passenger in certain types of side-impact collisions. To ensure optimal deployment position, the side airbags inflate out of the seatback bolster.

MORE CABIN & TRUNK SPACE, PLUS A FULL-SIZE SPARE TIRE
The Police Interceptor supplies the elbow room and storage capacity your work demands with its 106.4 cu. ft. of passenger volume and 20.6 cu. ft. of trunk space with a full-size spare. (That’s significantly more than Charger or Impala.) A standard full-size spare tire ensures the Police Interceptor performs as normal — without the speed or distance limitations of a compact spare. You get all the benefits of a full-size spare and plenty of storage capacity. An extra-cost option on both Charger and Impala, their full-size spare tires significantly impair trunk space.

CUSTOM-FIT, EASY-CARE TRUNK PACK™ (14T)
Ford offers an optional Trunk Pack (shown at right) to help reduce the risk of injury resulting from police equipment being pushed forward into the back seat and/or fuel tank in the event of a high-speed rear impact. Ford recommends police equipment be both secured and laterally aligned.

BENEFITS INCLUDE:
• Drop-in High-Density Polyethylene (HDPE) box is tight-fitting, durable and easy to clean
• Protective barrier made of DuPont™ KEVLAR® on the front face of the Trunk Pack reduces the risk of trunk-located objects penetrating the back seat or fuel tank
• Center divider aligns police equipment laterally
• Trunk Pack is available as an aftermarket option for 1992–current models

CAUTION: Do not place stiff or sharp objects in the trunk that could be pushed forward into the fuel tank in a high-speed rear impact.
DuPont and KEVLAR are trademarks or registered trademarks of DuPont or its affiliates.
Be certain to visit www.fleet.ford.com or see the Police/Fleet supplement for proper trunk-packing considerations and other important safety information.
## FOR STREET PATROL AND HIGH-SPEED PURSUIT

New for 2008:
- Flexible Fuel Vehicle (FFV) – runs on E85, gasoline or any combination of both
- Tire Pressure Monitoring System alerts for underinflation and overinflation
- Remote keyless entry, optional
- Oil-change interval extended to every 5,000 miles

### Dimensions & Capacities

**Exterior** (in.)
- Wheelbase: 114.6
- Length: 212.0
- Height: 58.3
- Width: 78.3
- Track width: — Front 62.8 — Rear 65.6
- Base curb weight: 4214
- Fuel capacity (gal.): 19

**Interior — Front** (in.)
- Head room: 39.5
- Shoulder room: 60.6
- Hip room: 57.4
- Leg room: 41.6

**Interior — Rear** (in.)
- Head room: 37.8
- Shoulder room: 60.0
- Hip room: 56.1
- Leg room: 38.0

**Trunk liftover height** (in.): 26.8

**Cargo volume** (cu. ft.): 20.6
- Luggage compartment
- EPA passenger-volume index: 106.4

**Engine — 4.6L V8**
- Horsepower @ 5000 rpm: 250 hp
- Torque @ 4000 rpm: 297 lb-ft.
DON’T STAND FOR A HOLDUP
CUT YOUR UPFIT WAIT BY WEEKS AND GET FORD QUALITY ASSURANCE

You can’t afford to put law and order on hold while you wait around for your new police vehicle to be delivered. So take the fast track from the factory to the street with these convenient upfit packages:

- **BASE POLICE PREP PACKAGE (65A)** – A robust electrical system specifically for police use.
- **BASE LIGHTING PACKAGE (65P)** – Includes all 65A components, plus a strobe light power supply and flashing rear deck LED lights.
- **COMPLETE POLICE PREP PACKAGE (68P)** – Includes all 65A components, plus a console mounting platform, center wiring conduit, trunk storage boxes, trunk tray and other quality features.
- **VISIBILITY PACKAGE (65W)** – Includes all 68P components, plus an assortment of lighting equipment to maximize vehicle visibility.
- **READY-FOR-THE-ROAD PACKAGE (65U)** – Includes as much from the factory as possible: the most lighting, siren, electrical and hardware components.

When ordering your new Crown Victoria Police Interceptor, you can utilize the regular production options to specify Crown North America as your vehicle upfitter. Your new vehicle will be delivered with any of the 5 available police equipment prep packages, minimizing your vehicle downtime and helping to maximize your impact in the community.

The following pages detail the content of each package to help you determine which will best meet your needs.

Visit www.crown-na.com or call 1-866-402-6838 for more information.
POLICE PREP PACKAGES ARE TIME-SAVERS
Save on administration and shop time, cutting it from weeks to just days.

POLICE PREP PACKAGES ARE MORE COMPATIBLE
All packages work with the Trunk Pack™ and Fire Suppression System. The electrical system of each Police Prep Package will also work in harmony with 98% of the existing lighting, siren and control systems on the market.

POLICE PREP PACKAGES SAVE MONEY
The packages are included in new vehicle budgets, freeing up other maintenance, upfitting and repair budgets.

POLICE PREP PACKAGES ARE TOUGH AND DURABLE
Packages have passed Ford’s extreme 20-year/300,000-mile performance standards.

POLICE PREP PACKAGES ARE OF THE HIGHEST QUALITY
Components and installation are verified extensively and exactly as part of the Ford Quality System, which includes: crash testing, long-term durability performance standards, cycle testing, vibration, EMC compatibility, severe temperature, humidity, and water and salt corrosion.

POLICE PREP PACKAGES HAVE FORD LIMITED WARRANTY BACKING
Packages are backed by Ford Dealers and authorized Fleet Maintenance facilities that perform their own warranty work for 3 years or 36,000 miles.*

*Strobe Bulb Warranty: 1 year/36,000 miles. Siren Speaker Warranty: 2 years/36,000 miles.
The Base Police Prep Package is ideal for fleets that do their own upfitting or that subcontract with a local installation facility. It includes a versatile, model-specific wiring harness to help standardize your Crown Victoria Police Interceptor upfitting. Visit www.crown-na.com or call 1-866-402-6838 for more information.

The following items are included in all packages shown:*

1. **2 FRONT AND 2 REAR STROBE BULBS**
   Installed in front marker light and taillight lenses. The Strobe Light Power Supply is required to flash Strobe Bulbs.

2. **ALTERNATING HEADLIGHT FLASHER (WIG-WAG MODULE)**
   Control wire is accessible at console for connection to customer-supplied positive control switch box.

3. **ALTERNATING HEADLIGHT FLASHER OVERRIDE WIRE AND RELAY**
   Provides for optional override at night.

4. **WIRING HARNESS**
   Includes the following items:
   a. 6 Strobe Light Cables shielded and grounded, pre-run to the front marker lights, taillight lenses and front grille. Industry-standard configuration for addition of customer-supplied aftermarket strobe power supplies.
   b. 2 Grille Strobe Light Connectors for plug-and-play lights.
   c. Glove Compartment Power Distribution Center fused in engine compartment. 5 power and ground wires for customer use. 5 fuses: 2 battery- and 3 ignition-powered.
   d. Trunk Power Distribution Center fused in engine compartment. 4 power and ground wires for customer use. 4 fuses: 2 battery- and 2 ignition-powered.

4. **WIRING HARNESS (CONTINUED)**
   e. 50-Amp Battery Circuit and Ground accessible at console only.
   f. 50-Amp Battery Circuit and Ground accessible at console; shared circuit with trunk pigtail harness.
   g. 50-Amp Battery Circuit and Ground accessible at console or trunk, for radio communications.
   h. 2 Extra Wires pre-run to the front of the vehicle, accessible at console or trunk.
   i. Horn/Siren Relay Circuit accessible at console or trunk.
   j. 4 Extra Wires pre-run from the engine compartment to console.
   k. 4 Extra Wires pre-run from console to trunk.

5. **TRUNK PIGTAIL HARNESS**
   Includes the following:
   a. Two 50-Amp Battery Circuits and Grounds accessible in trunk only.
   b. 50-Amp Battery Circuit shares a circuit with console harness.
   c. 30-Amp Ignition Circuit and Ground accessible in trunk only.
   d. 2 Siren/Speaker Wires pre-run to front of vehicle.
# BASE LIGHTING PACKAGE 65P

**CONTENTS – 65P**

This package can help fleets – especially those faced with a shortage of manpower and space – get their vehicles into service more quickly.

Visit www.crown-na.com or call 1-866-402-6838 for more information.

Includes contents of the Base Police Prep Package (65A), plus the following:*  

13. **STROBE LIGHT POWER SUPPLY**  
Includes 6 outlets with front shutdown. Required to flash Strobe Bulbs.

14. **2 HIGH-INTENSITY FLASHING REAR DECK LED LIGHTS**  
Includes matching interior color housings (Light Camel, Medium Light Stone or Charcoal). Red and blue color configuration is standard.

*The Base Police Prep Package (65A) and the Base Lighting Package (65P) are not available with the Police Power Pigtail (179) and utilize circuits provided by the standard power distribution connector, light bar connector and rear-access power point. Police Interceptor equipment packages are covered under the New Vehicle Limited Warranty of 3 years/36,000 miles except where noted. Strobe Bulb Warranty: 1 year/36,000 miles.

## COMPLETE POLICE PREP PACKAGE 68P

The Complete Police Prep Package is perfect for fleets that do their own upfitting or that subcontract with a local installer. It includes factory-approved mounting solutions to help ensure safe and secure police equipment. Visit www.crown-na.com or call 1-866-402-6838 for more information.

Includes contents of Base Police Prep Package (65A), plus the following:**

6. **CONSOLE MOUNTING PLATFORM**  
Secured using existing mounting points. The powder-coated aluminum mounting plate is pre-drilled and tapped for the safe addition of equipment.

7. **CENTER WIRING CONDUIT**  
Includes a 2" x 4" opening. For ease of installation, the conduit will house and protect any additional wires or communications cables from the center console to the trunk.

8. **HIDDEN MANUAL REAR DOOR-LOCK PLUNGER**  
Maintains control of rear doors via hidden plunger located in door frame of rear doors. Orderable (Option 948) to maintain rear window operation from driver and front-passenger switches.

9. **TRUNK AIR CIRCULATION FAN**  
Pulls air from passenger area into trunk to help climatize area for equipment.

10. **PERMANENT RUBBER TIE-DOWN STRAP**  
Helps secure trunk lid when carrying larger items like a bicycle.

11. **DUAL TRUNK STORAGE BOXES**  
Maximize trunk space, provide equipment mounts and have clear, protective covers.

12. **REAR TRUNK COMMUNICATIONS SERVICE TRAY**  
Slides on heavy-duty tracks. Used for equipment mounting. Shipped with secure spare tire.

**The Complete Police Prep Package (68P) is not available with the Police Power Pigtail (179) or the cloth split bench seat (P) and utilizes circuits provided by the standard power distribution connector, light bar connector and rear-access power point. Police Interceptor equipment packages are covered under the New Vehicle Limited Warranty of 3 years/36,000 miles except where noted. Strobe Bulb Warranty: 1 year/36,000 miles.**

CROWN VICTORIA POLICE INTERCEPTOR — QUALITY UPGRADE WWW.FLEET.FORD.COM
VISIBILITY PACKAGE 65W

1. STROBE LIGHT POWER SUPPLY
   Includes 6 outlets with front shutdown. Required to flash Strobe Bulbs.

2. HIGH-INTENSITY FLASHING REAR DECK LED LIGHTS
   Includes matching interior color housings (Light Camel, Medium Light Stone or Charcoal). Red and blue color configuration is standard.

3. VISIBILITY SWITCH PANEL
   Includes 4-position slide switch and 4 rocker switches. Controls strobes, LEDs and alternating headlight flasher. Capable of controlling 8 lighting functions. Installed to console with bracket.

4. LIGHTING RELAY CENTER
   Fused at 150 amps through 8 relays. 8 fuses. 8 outputs available in trunk for connection of customer-supplied lighting. Use with the Visibility Switch Panel.

*The Visibility Package (65W) is not available with the Police Power Pigtail (179) or the cloth split bench seat (P) and utilizes circuits provided by the standard power distribution connector, light bar connector and rear-access power point. Police Interceptor equipment packages are covered under the New Vehicle Limited Warranty of 3 years/36,000 miles except where noted. Strobe Bulb Warranty: 1 year/36,000 miles.

VISIBILITY PACKAGE 65W

This package can help fleets that are short of manpower and space put their vehicles into action faster. It includes plug-and-play lighting components and mounting solutions. Visit www.crown-na.com or call 1-866-402-6838 for more information.

Includes contents of Complete Police Prep Package (68P), plus the following:*

10. PERMANENT RUBBER TIE-DOWN STRAP
    Helps secure trunk lid when carrying large items like a bicycle.

11. DUAL TRUNK STORAGE BOXES
    Maximize trunk space, provide equipment mounts and have clear, protective covers.

12. REAR TRUNK COMMUNICATIONS SERVICE TRAY
    Slides on heavy-duty tracks. Used for equipment mounting. Shipped with secure spare tire.

13. STROBE LIGHT POWER SUPPLY
    Includes 6 outlets with front shutdown. Required to flash Strobe Bulbs.

14. 2 HIGH-INTENSITY FLASHING REAR DECK LED LIGHTS
    Includes matching interior color housings (Light Camel, Medium Light Stone or Charcoal). Red and blue color configuration is standard.

15. LIGHTING AND SIREN CONTROLLER
    Programmable with 4-position slide switch, 13 illuminated buttons and 5 siren tones. Installed to console with bracket.

17. LIGHTING RELAY CENTER
    Fused at 150 amps through 8 relays. 8 fuses. 8 outputs available in trunk for connection of customer-supplied lighting. Use with the Lighting and Siren Controller.

18. RJ11 SERIAL CABLE
    Pre-run from console to trunk for connection between lighting and siren controller and remote siren amplifier.

19. REMOTE SIREN AMPLIFIER
    Meets California Code of Regulations (CCR) Title 13, Article 5. Utilizes horn/siren circuit for activating siren and changing tones. Radio rebroadcast, common mic input and second siren/speaker output in trunk. (Mic kit not included.)

20. 2 GRILLE STROBE LIGHTS
    Installed with mounting brackets. Red and blue color configuration is standard.

21. 100-WATT SIREN/SPEAKER
    Includes replaceable driver. Installed with mounting bracket. Sound output meets Society of Automotive Engineers (SAE) J1849 and Class A 500-ft. audibility.

**The Ready-for-the-Road Package (65U) is not available with the Police Power Pigtail (179) or the cloth split bench seat (P) and utilizes circuits provided by the standard power distribution connector, light bar connector and rear-access power point. Police Interceptor equipment packages are covered under the New Vehicle Limited Warranty of 3 years/36,000 miles except where noted. Strobe Bulb Warranty: 1 year/36,000 miles; Siren Speaker Warranty: 2 years/36,000 miles.

### BENEFITS OF ORDERING FORD POLICE PREP PACKAGES

**Engineered by Ford**
Model-specific equipment that is developed to fit your 2008 Police Interceptor. Ensures compatibility in advance of your vehicle being delivered.

**Ford-Approved Police Equipment**
Validated through extensive testing, including crash testing, long-term durability performance standards, cycle testing, vibration, EMC compatibility, severe temperature, humidity, and water and salt corrosion.

**The Highest Standards**
Validated to vehicle manufacturer safety standards, such as Federal Motor Vehicle Safety Standards (FMVSS), Society of Automotive Engineers (SAE) standards and, most importantly, Ford standards.

**Saves Time**
Saves administration time, shop time, vehicle downtime and reduces upfitting time from weeks to days.

**Reduces Damage**
Helps eliminate damage from interior disassembly and reassembly. These often occur twice: when upfitting to put into service and decommissioning for out-of-service.

**Compatibility**
Our packages are compatible with the Ford Trunk Pack™ and the Fire Suppression System. Some aftermarket police equipment may not be compatible with other Ford options.

**Modification Center**
Options installed in a Ford-approved facility. Vehicle turnaround is often under 24 hours. So no lengthy delays, and options appear at your dealership seamlessly.

**Owner’s Guide**
Each vehicle comes with an Owner’s Guide, which explains all of the options and quick-reference schematics. The current and past model year Owner’s Guides are available online at www.crown-na.com.

**Ford Limited Warranty**
Backed by Ford Dealers and authorized Fleet Maintenance facilities that perform their own warranty work for 3 years or 36,000 miles.*

**Factory-Direct Product and Technical Information**
Help with your questions regarding the vehicle, police equipment prep packages and aftermarket installation. Call toll-free: 1-866-402-6838.

**Ford Crown Victoria Modifier Guide**

Ford Motor Company has developed this Police Interceptor Modifier Guide to assist vehicle modifiers in producing and installing safe and quality aftermarket products. Ford believes that safety and quality come first, and to achieve customer satisfaction, we want to assist modifiers in achieving the highest standards of safety and quality in their products.

---

*Strobe Bulb Warranty: 1 year/36,000 miles. Siren Speaker Warranty: 2 years/36,000 miles.
CLEAR AREA AROUND STANDARD FRONT AIRBAGS

1. 775 mm (30.5 in.) cross section through center of vehicle (driver side shown)
2. 241 mm (9.5 in.) from center of airbag door
3. 399 mm (15.7 in.) from center of airbag door
4. 724 mm (28.5 in.) wide
   No objects should be placed between the airbags due to airbag variability.
5. 429 mm (16.9 in.) driver side
6. 599 mm (23.6 in.) front-passenger side compartment

CLEAR AREA AROUND OPTIONAL SIDE AIRBAGS

7. 699 mm (27.5 in.) up from side airbag module
8. 381 mm (15 in.) forward of seatback
9. 203 mm (8 in.) from outboard side of seat

CLEAR AREA AROUND CENTER CONSOLE

10. Area on top of instrument panel
11. Area in front of center console from tunnel up to instrument panel
12. Prisoner screen
13. 254 mm (10 in.)
14. Area on tunnel between seats
15. Height: 216 mm (8.5 in.)
16. 305 mm (12 in.)
17. Area on tunnel beneath center console
18. Tunnel
19. Depth: 38 mm (1.5 in.)
20. Equipment mounted on top of instrument panel must not interfere with driver visibility
21. Area on tunnel between seats
22. 229 mm (9 in.)
23. 305 mm (12 in.)
24. Equipment mounted on top of instrument panel must not interfere with driver visibility
25. The airbag door must be kept clear for deployment of airbag
26. Area in front of center console from bottom of ashtray to top of instrument panel (see No. 1 for dimensions)
27. 279 mm (11 in.) width centered horizontally on ashtray door

**WARNING:**
Aftermarket police equipment (such as communications gear) must not be mounted in the airbag deployment zone. Vehicles equipped with bench seats may not have sufficient room to mount such equipment. Bucket seats may be required.

**Refer to Modifier Guide available for download at www.fleet.ford.com.**
NOTE:
Exterior colors are available in 3 different two-tone configurations. Accent color can be any of the available exterior colors. Street Appearance Package (60B) includes retail exterior color options only.

Vehicle Special Order (VSO) facilitates customized solutions for fleet customers with special needs by providing special paint options that are not offered through regular or fleet-only production. VSO offers 31 special paint colors not found on the regular Car Exterior Color Selection chart. We can also formulate a new paint color and/or two-tone configuration to meet your needs. To view VSO paint options and two-tone configurations, visit www.fleet.ford.com.

OPTION 952 – Accent paint on front and rear doors, roof and pillars

OPTION 953 – Accent paint on hood, roof, A- and C-pillars and trunk lid

OPTION 955 – Accent paint on front doors and roof

2008 EXTERIOR COLORS (POLICE INTERCEPTOR)

1 M = Metallic  *Street Appearance Package color. For Exterior/Interior availability, please see your Order Guide.

INTERIOR TRIM (POLICE INTERCEPTOR)

NOTE:
Because of occasional variations in printing, consult your Ford Dealer to ensure that the color choice you make is correct. Ford uses clearcoat paint for beauty and protection. All colors may not be available on all series. See your dealer for details.

Visit www.fleet.ford.com for more information on colors and special paint options.
ESCAPE HYBRID
NEW TO THE CRIME-FIGHTING SCENE

FOR PARKING ENFORCEMENT AND SECURITY PATROL

• Escape Hybrid offers improved fuel economy and fewer pollutants than a conventional SUV, without the daily hassle of recharging an electric vehicle
• Gas engine turns on and off automatically, so your fuel goes farther
• Power assist from the electric motor helps provide V6-like performance
• Regenerative braking recharges the 330-volt nickel-metal-hydride (NiMH) battery
• Purchasing Escape Hybrid may help you save on both state and federal taxes**
• Meets strict SULEV II and AT-PZEV emissions standards†

Recommended 10,000-mile/12-month oil change interval reduces maintenance costs compared to regular-engine vehicles
• 8-year/80,000-mile limited warranty coverage for catalytic converter, electronic emissions control unit and onboard emissions diagnostic device*†
• 8-year/100,000-mile limited warranty coverage for the high-voltage battery, electronically controlled Continuously Variable Transmission (eCVT) and the DC/DC converter
• For the latest on Escape Hybrid: visit www.fleet.ford.com

ALL STANDARD

• 2.3L 1-4 Atkinson-cycle engine with Permanent-Magnet AC-synchronous electric motor
• 4-wheel independent suspension
• 330-volt sealed nickel-metal-hydride (NiMH) battery
• Air conditioning – Dual-zone Automatic Temperature Control
• Floor shifter and console with 4 cupholders, 2 removable storage bins and power point with cap
• Intelligent 4WD System (4WD models only)
• Power windows, door locks and sideview mirrors
• Regenerative Braking System

SAFETY & SECURITY

• Airbags – Front-seat side
• Airbags – Safety Canopy System® (front and rear)
• Battery saver with headlamps-off delay
• Brakes – Anti-lock Brake System (ABS)
• Child-safety rear door locks
• Head restraints and 3-point safety belts on all 5 seating positions
• LATCH – Lower anchors and tether anchors for child-safety seats

• Remote keyless-entry system with 2 integrated key fobs
• Seats – 6-way power driver
• Seats – Front low-back cloth buckets and rear 60/40 split with adjustable head restraints
• Seats – Sustainable-fabric seating surfaces
• Steering wheel-mounted cruise control
• Transmission – Electronically controlled Continuously Variable Transmission (eCVT)
• Wheels – 16” cast-aluminum

Escape Modifier’s Guide is available at www.fleet.ford.com. Escape may not be used as an ambulance or as a pursuit vehicle (no excessive speed). For deployed airbag clearance zones, refer to the Modifier’s Guide for mounting aftermarket equipment.

OPTIONAL FEATURES

• 110-volt AC power outlet in front console
• Hybrid Energy/Navigation/Audiophile® System
• Integrated side step bars

• Personal Safety System® for driver and front passenger – Includes dual-stage front airbags, safety belt pretensioners, safety belt energy-management retractors, safety belt usage sensors, driver-seat position sensor, crash severity sensor, restraint control module and Front-Passenger Sensing System
• SecuriLock® passive anti-theft ignition system
• Side-intrusion door beams
• Tire Pressure Monitoring System

OPTIONAL PACKAGES

• Hybrid Chrome Appearance Package (47C)
• Hybrid Premium Package (18M)

• Leather Comfort Package (63G)

**See your local tax advisor or visit www.fueleconomy.gov or www.eere.energy.gov/cleancities for more information. †SULEV II (Super Ultra Low Emissions Vehicle) and AT-PZEV (Advanced Technology Partial Zero Emissions Vehicle) are ratings approved by the California Air Resources Board. Vehicles sold in federally regulated states meet the Environmental Protection Agency’s Tier 2/Bin (3) emissions standards. **See your Ford Dealer for limited warranty details. ††2008 EPA-estimated fuel economy. Actual mileage will vary. Audiophile is a registered trademark of Audiophile, Inc.
EXPLORER XLT
SPECIAL SERVICE PACKAGE

EXPLORER XL T
SPECIAL SERVICE PACKAGE

FOR CANINE UNITS AND OFF-ROAD DUTY

- Explorer received NHTSA’s 5-Star crash test rating for frontal and side-impact
- AdvanceTrac® with RSC® (Roll Stability Control), standard
- Features the Intelligent Safety System™
- Independent Rear Suspension
- Optional Control Trac® 4WD system

FORD EXTENDED SERVICE PLANS (ESP) FOR POLICE VEHICLES

Choosing an ESP from Ford Motor Company enables you to budget your fleet expenses more easily and accurately. An ESP lets you lock in tomorrow’s costs at today’s rates. Vehicle maintenance plans are also available to help you plan for the future. ESPs offer these additional benefits:

- Component protection
- Emergency roadside assistance
- Rental car reimbursement
- Deductible options
- Transferability
- Ford backing

FORD FLEET CUSTOMER SERVICE

Fleet Customer Information Center (FCIC):
1-800-34-FLEET (US) • 1-800-668-5515 (CANADA)
Open 8:30 a.m. – 5:00 p.m. EST

The FCIC is dedicated to supporting Fleet Accounts by providing a single source to answer all of your Fleet-related questions.

Choose from the following selections:

- Press “1” for Fleet Identification Number (FIN) and Ford Fleet Website Password Reset
- Press “1” for the FIN Team
- Press “2” for Fleet Website Password Reset
- Press “2” for the FCIC
- Press “3” for Fleet Service
- Press “8” for Ford/Lincoln Mercury Rental Car Program (FRCS/LMCRS)

HOW MUCH EQUIPMENT CAN YOU GET THIS YEAR WITH $100,000?††

Ford Credit

COMMERCIAL LENDING SERVICES

The Ford Credit Municipal Lease/Purchase Finance Program is a flexible funding method available to state and local governments to finance “essential use” equipment. This program can help you acquire needed vehicles at today’s prices, while taking advantage of low, tax-exempt interest rates and avoiding large lump-sum expenditures.

TO LEARN MORE ABOUT IT:

- Contact your local Government Account Manager or your Ford Dealer’s Commercial Account Manager
- Check us out at www.fordcredit.com/municipal
- Or call us at 1-800-241-4199

OPTION A – Purchase today in cash

OPTION B – Purchase with the Ford Credit Municipal Lease/Purchase Finance Program

QUALITY FLEET CARE

Quality Fleet Care is a centralized billing service you can use to make a single monthly payment on behalf of your entire fleet for maintenance and repairs performed at participating Ford Dealers and Quick Lane Tire & Auto Centers. Over-the-counter part purchases at participating Ford Dealers can also be included. There is no enrollment fee, no per-vehicle fee and no administration fee for warranty-covered repairs. Plus, you preset the spending limits for your drivers, which cannot be exceeded without your approval. Visit www.fleet.ford.com/qfc or call 1-800-367-3221 for more information.

GENUINE FORD COLLISION REPAIR PARTS

If a collision puts you in need of replacement sheet metal and plastic parts such as hoods, doors, fenders and bumper components, choose Genuine Ford parts. They’re the right choice for quality and peace of mind. Genuine Ford parts are equal to original parts in fit, finish and structural integrity. In fact, they’re the same ones used on new vehicles, which are certified to meet Federal Motor Vehicle Safety Standards. And they’re covered against corrosion/perforation under the Ford Lifelong Sheet Metal Guarantee. So don’t settle for imitations. Ask your insurer to authorize Genuine Ford collision repair parts.

VEHICLE SPECIAL ORDER

Vehicle Special Order consists of a unique team of Sales, Engineering and Assembly Plant experts who are dedicated to providing you the special equipment and/or special paint options you require to grow your fleet business. VSO offers special options for the Police Interceptor. If you are looking for special equipment not currently offered, please contact your Ford Dealer to help determine whether or not your request is feasible. To find out how VSO can develop an option for you, please visit our website at www.fleet.ford.com.

†† Based on the assumption that you could purchase 5 vehicles costing $20,000 each with a payment of $100,000 from your annual budget, or you could lease/purchase 14 vehicles costing $20,000 each for 3 years at 5.50%, resulting in annual payments of $98,373. This is an example and rates and prices are subject to change. Funding subject to approval by Ford Credit.
Our Law Enforcement customer advisory panel, the Police Advisory Board, gathers information about how Ford might better serve the needs of the law enforcement community. These 22 key personnel members from law enforcement agencies across the country meet with Ford engineering and management representatives 2 to 3 times a year to discuss the needs of both large and small municipality agencies. Ford representatives use their invaluable input to help continually improve Ford vehicles for law enforcement use. Please visit www.fleet.ford.com for additional information on the Police Advisory Board.
